

Travel Information to Tokyo/Yokohama

There are two major airports in Tokyo: Narita International Airport (NRT) and Tokyo Haneda Airport (HND). NRT is about 90 kilometers away from Keio University Hiyoshi Campus while HND is about 20 kilometers away. Both airports are accessible through Japan's railway system. There are many routes you could take from one station to another. Train routes are available online in web sites such as [HyperDia](#), [Jorudan](#), and [Google Maps](#). Nevertheless, the following are our recommended routes to go to Hiyoshi Campus and the affiliated hotels.
